

LET'S SAVE  
OUR PLANET

Applebee's®

# OUR HOME

Planet Earth is our only home, here it is where all people, animals and plants live together.

## THE ECOSYSTEMS

Earth has many kinds of ecosystems, some are aquatic and others terrestrial. The main ecosystems in our planet are: Jungle, Forest, Ocean, Tundra, Savannah, Desert, Meadow and Polar Zone.

Color the drawings and join with a line each name with the correct ecosystem drawing.

JUNGLE

POLAR ZONE

DESERT

# WORD SEARCH PUZZLE

Find and circle the name of each ecosystem.

Jungle  
Forest  
Desert

Polar Zone  
Meadow  
Ocean

# SNAKES AND LADDERS

Invite a friend to play and discover a little bit more about ecosystems. Taking turns answer the following questions. The more correct answers you get, the faster you'll win the game.

Watch out! There are snakes and ladders

1. This ecosystem is very cold. (move forward 1 place)
2. This ecosystem is full of different types of trees. (move forward 7 places)
3. This ecosystem has many different kinds of fish. (move forward 4 places)
4. Polar bears and seals live here. (move forward 3 places)
5. It is the largest water ecosystem. (move forward 1 place)
6. Two thirds of the planet's wildlife live in this ecosystem. (move forward 2 places)
7. It is the hottest ecosystem. (move forward 1 place)
8. It is a very large grassland ecosystem. (move forward 4 places)

1. Polar Zone 2. Forest / Jungle 3. Ocean 4. Polar Zone 5. Ocean 6. Jungle 7. Desert 8. Meadow

## Care for your planet

We must keep our planet clean and take care of it.  
There are many ways we can help, for example:  
recycling, throwing the trash in its place and turning off  
the light when we don't need it.

Mark with an "X" those drawings that are NOT taking care  
of our planet and color those that do.

# FIND THE HIDDEN MESSAGE

Using the code below put each letter in its place.

2 5    1    20 22 17 5 19 8 5 19 16    1 14 4

21 1 11 5    3 1 19 5    16 6    16 22 19    17 12 1 14 5 21

CODE

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
